2025 COLLECTION

Redefining Outdoor Living Standards.

Azenco Outdoor invites you to explore the potential of your outdoor spaces. Transform any outside area into a unique architectural masterpiece as all of our projects are tailored to the most creative outdoor ambitions. **Established in the USA with European expertise**, we craft pergola collections that blend elegance and functionality.

The roots of Azenco Outdoor trace back to 1996 when **Charles CHAPUS** founded Abrisud, the European leader in pool enclosures. This marked the beginning of a journey that would redefine outdoor living. In 2011, he created Azenco Groupe France before expanding to Spain in 2016. With 30 patents and almost 30 years of expertise in the aluminum industry, Charles founded **Azenco Outdoor** in 2017 in the Sunshine State of Florida.

He imagines the **elegant designs** that define our brand. His hands-on approach extends to overseeing every aspect of the production operations, ensuring that his ideas come to life with a seamless installation process and unparalleled craftsmanship.

“Because life is better outside, we design and manufacture innovative products to enhance outdoor living experiences.”

Charles CHAPUS - CEO

Vice President **Leslie CHAPUS** leads Azenco Outdoor’s global expansion and operational strategy. With a keen focus on orchestrating **national operations**, Leslie connects the dots between the distribution network, material suppliers, sales, and marketing teams. Her leadership ensures that Azenco Outdoor remains at the forefront of the **outdoor living industry**.

Azenco Outdoor’s commitment goes beyond products; it extends to the **customer’s experience**. Our team of dedicated local dealers provides you with the best possible assistance, ensuring that you can enjoy your elegant outdoor space with peace of mind. Behind the scenes, we take care of every detail so that you can not only see, but experience the **Azenco Outdoor difference**.

As part of the **Hunter Douglas Outdoor Group**, Azenco Outdoor benefits from the heritage of a global leader in custom window coverings and architectural products. With over a century of innovation, quality, and sustainability, Hunter Douglas has redefined home and commercial design with cutting-edge technology and stylish solutions. This **strategic partnership** enhances our ability to connect locally, expand nationally, and invest in advanced manufacturing facilities.

Together, we’re combining expertise to bring innovative, high-quality solutions to **outdoor living spaces**, setting new standards in design and functionality.

BETTER DESIGN

Our pergola collections go beyond being simple aluminum structures; their **superior design** serves as a flawless addition to complement and enhance any architectural style.

Our products provide **unmatched spans**, delivering a sense of openness and elegance to your outdoor space. **Concealed hardware** contributes to a clean and seamless aesthetic, allowing the charm of the design to take center stage. We understand that the finer details matter, and that's why we have integrated a **hidden drainage system** into our products, ensuring that both form and function are seamlessly combined.

Everything we create is custom, reflecting our dedication to crafting designs that effortlessly blend with your landscape. Our goal is to provide you with an architectural feature that not only enhances the beauty of your outdoors, but also protects your guests, furniture, and cherished outdoor moments from the unpredictable elements.

BETTER QUALITY

Manufactured in Miami, FL, we take pride in consolidating durability with innovative features ensuring that **your investment stands the test of time**. Our team has spent years studying to develop an outdoor cover collection that is not only beautiful, but also highly functional and sustainable. The key to achieving this balance lies in the selection of the best materials available; **we only use aluminum** without contaminants for enhanced strength.

We have examined every aspect of our production process, ensuring only the **highest quality products** leave our factory. To streamline the construction process, our engineers employ best-in-class machining processes, cutting, and pre-drilling our products with precision.

All components, from frames to louvers, is **powder-coated** in either standard or custom colors, meeting AAMA 2604 standards. This process enhances both the aesthetic appeal and the quality of our products.

BETTER EXPERIENCE

At the heart of our commitment to an **unparalleled experience** is the belief that the unseen elements are just as crucial as the visible ones.

We take pride in the meticulous orchestration of every detail behind the scenes, making sure that you can successfully enjoy your outdoor project with **complete peace of mind**. Whether you envision the cover for a backyard haven, a vibrant restaurant patio, or an inviting hotel retreat, our state-of-the-art manufacturing process guarantees the **best lead time** on the market.

What sets us apart is our commitment to efficiency, ensuring that your outdoor space comes to life in the shortest time frame possible. While Azenco Outdoor takes care of the manufacturing, our local certified dealers specialize in the installation of our tailor-made products.

This collaborative effort ensures a **streamlined journey**, from the initial concept to the final installation, emphasizing our dedication of delivering not just a product, but an exceptional experience.

COLLECTION

R-BLADE™

MOTORIZED LOUVERED PERGOLA

K-NOPY™

PREMIUM ALUMINUM AWNING

R-BREEZE™

FIXED LOUVERED PERGOLA

R-SHADE™

INSULATED PATIO COVER

K-BANA™

MANUAL LOUVERED PERGOLA

R-CAR™

LUXURY INSULATED CARPORT

A long, covered outdoor patio with a swimming pool, featuring a white pergola with illuminated slats. The pergola is supported by white columns and has a series of white slats that are illuminated from below, creating a warm glow. The patio is surrounded by a low white wall, and there are palm trees and other greenery in the background. The sky is a mix of blue and pink, suggesting a sunset or sunrise. The overall atmosphere is serene and modern.

R-BLADE™

The weather changes, not your outdoor experience.

R-BLADE™

— Motorized Louvered Pergola

Introducing R-BLADE™ by Azenco Outdoor — a top-tier solution providing a **unique outdoor experience**, come rain or shine.

As a bioclimatic pergola, R-BLADE™ offers precise control over sunlight and shade with its innovative **motorized adjustable louvers**. The dual-wall engineering and gapless design ensure enhanced insulation and superior drainage, making our louvered roofs reliable in any weather. Powered by **whisper-quiet motors**, every adjustment is effortless, preserving the tranquility of your outdoor moments.

Whether you're seeking the comforting warmth of the sun or require protection for yourself, your guests, or your furniture, R-BLADE™ adapts effortlessly to your needs.

K-BANA™

A private space in the open-air.

K-BANA™

— Manual Louvered Pergola

K-BANA™ by Azenco Outdoor is a four-time **award-winning** manual louvered pergola that redefines **intimate accommodations**. Its ingenious engineering integrates a gutter system and a manually operable roof giving **control over sunlight and privacy**.

Versatile, **with lighter features**, its modularity serves various applications. Combined, they are a perfect outdoor retreat. Freestanding, it is a stylish poolside lounge, or a cozy entertainment space. With no electrical connection required, K-BANA™ can be installed almost anywhere — often without a permit depending on the configuration and location.

Our manual louvered roof pergola is way more than a simple cabana; it's a transformative addition to your outdoor lifestyle, suitable for **both residential and commercial settings**.

K-NOPY™

— Premium Aluminum Awning

K-NOPY™ is a premium aluminum awning designed for unmatched durability and sleek design. Its integrated tie-back system ensures reliable support, while the cantilevered structure eliminates the need for vertical posts, making it a practical choice for various applications.

Ideal for high-traffic areas, it serves as an elegant storefront canopy where unobstructed access is essential. In residential settings, K-NOPY™ provides seamless coverage over doors and windows, enhancing functionality and curb appeal.

With its clean lines and high-quality materials, K-NOPY™ is more than an awning—it's the perfect solution for those seeking a sophisticated, space-efficient, and versatile outdoor cover.

R-CAR™

— Luxury Insulated Carport

Protect your vehicle from the elements, the innovative R-CAR™ lets you experience the convenience of driving into a carport. Boasting the **same benefits as our pergolas**, it is a sophisticated design that effortlessly complements any architectural style.

Whether it's rain, snow, or intense sunlight causing wear and tear on your vehicle, our carport provides a **reliable solution**. The extended pillars not only alleviate concerns about accommodating multiple vehicles or even a boat, but also provide a robust cover for shielding your **valuable assets**.

Tailored to your preferences, our carports can be integrated into your existing structure or installed as freestanding, drive-through shelter. Choose the perfect color to harmonize with your house or restaurant, from the frame to the roof. Take it a step further by incorporating solar panels to generate environmentally friendly power for your electric vehicle, ensuring a sustainable and eco-friendly solution.

RESIDENTIAL PROJECTS

At Azenco Outdoor, we bring your outdoor vision to life with **versatile configurations**, a refined color palette, and weather-ready designs. Our pergolas and patio covers seamlessly blend with any **architectural style**, from classical to modern, ensuring they enhance your home's unique character. Whether for relaxation, entertainment, or year-round enjoyment, you can create an outdoor space that feels truly yours.

COMMERCIAL PROJECTS

Azenco Outdoor designs cutting-edge pergola solutions that transform commercial spaces into unforgettable experiences. Whether you operate a restaurant, country club, resort, or hotel, our innovative outdoor structures elevate guest satisfaction, while **driving business growth**.

Trusted by **top-tier brands**, our custom shade solutions combine sleek design, unmatched durability, and weather-ready functionality. By investing in a **versatile outdoor area**, you'll unlock your property's **full potential**—creating inviting spaces that attract more customers and generate long-term value for your business.

Deliver the experiences your customers crave while boosting your ROI.

Investments in all-weather outdoor areas pay for themselves

-  **Extend Business Operations**
Custom-designed pergolas turn unpredictable weather into a non-issue, allowing you to maximize outdoor space usage year-round.
-  **Create Profitable Amenities**
Design beautiful shaded areas perfect for al fresco dining, socializing, or relaxation, driving long-term revenue growth.
-  **Boost Guest Comfort**
Adjustable louvers and integrated weather control ensures the ideal atmosphere, regardless of the weather.
-  **Enhance Aesthetics**
Seamlessly integrate stylish, functional shade structures with your property's architecture to elevate its appeal.

Automate Your Outdoor Experience

Enjoy ultimate comfort and convenience with **smart pergola** features that adjust to your needs. Whether it's opening louvers for sunshine, closing them for rain, or setting the **perfect mood** with integrated lighting, automate your outdoor experience effortlessly. Live smarter, outdoors!

Our Commitments.

At Azenco Outdoor, we are passionate about creating outdoor living spaces that seamlessly blend aesthetics and functionality while **minimizing ecological footprint**. Recognizing that no product is impact-free, we embrace eco-design by carefully considering each product's lifecycle to **reduce environmental effects without compromising quality**.

In pursuit of eco-friendly practices, we only use extruded aluminum for its longevity, contributing to a more sustainable outdoor living experience. Our **smart manufacturing processes** focus on precision and efficiency, significantly reducing waste and energy consumption. Adopting a proactive stance on waste reduction, we have implemented comprehensive recycling programs targeting aluminum scrap and cardboard packaging.

Azenco Outdoor is dedicated to crafting lasting, sustainable outdoor spaces while making a conscious effort to protect the planet.

We are proud to partner with **4ocean**, an ocean cleanup company dedicated to ending the ocean plastic crisis.

As a **Certified Cleanup Partner**, Azenco Outdoor has supported the cleanup of 25,000 pounds of debris from the ocean in Indonesia through the efforts of the 4ocean teams in 2023.

In addition to our support abroad, the entire Azenco Outdoor team rallied together for a hands-on approach to this cause. We participated in a beach cleanup right here in our local community in Boca Raton, FL.

While we understand that this is just a drop in the ocean of global environmental challenges, it's a step in the right direction, and we are continuously seeking new ways to do more.

As the manufacturer of outdoor products, our role extends beyond production to a collaborative partnership with a **dedicated team of local dealers** who handle the installation of every project.

The **AzenCommunity** is an extensive network of local experts spanning the United States, Canada, the Caribbean, and Mexico.

These highly skilled professionals, committed to serving a diverse clientele, including homeowners, contractors, architects, and designers, work in tandem with us to ensure the seamless installation of our high-quality outdoor products.

In our commitment to excellence, we prioritize collaboration with qualified installers who share our vision for **complete customer satisfaction**. Each dealer undergoes rigorous multi-annual installation training, accompanied by experienced installation instructors who oversee the construction of our outdoor products at project sites.

With a network of over 200 resellers, our emphasis on **local service** guarantees personalized attention and expertise for our customers.

Currently envisioning your ideal outdoor space?

It is our duty to turn that dream into a reality. Throughout my 30-year career as an entrepreneur, customers have always fueled my designs with their need for sophisticated, highly functional outdoor shade structures that stand the test of time.

At Azenco Outdoor, no detail is overlooked. We take pride in our meticulous craftsmanship, ensuring that even the smallest elements, such as exposed fasteners, are absent from our products. Every proportion has been carefully examined, and we place equal importance on service as we do on the quality of our products.

The combination of our respective creativity and ambitions has shaped our current identity and will continue to define our future.

Please, continue dreaming of outdoor spaces because at Azenco Outdoor, we believe that Life is Better Outside!
